

# Metro North Leadership

## Our Objective

The Metro North Chamber of Commerce accepted a challenge in 1982, to ensure that new leadership be continually added to our business community. The Chamber created Metro North Leadership to identify individuals with leadership potential, strengthen their leadership abilities and develop quality leaders within the community and the Chamber.

## Program Highlights

Metro North Leadership equips participants to grow professionally and ascend to

the next level in their business and community endeavors with training in several areas from effective communication skills to interacting with elected officials. The program brings diverse people together to broaden their experiences and perspectives.

Metro North Leadership commences each September and continues through June, with one full-day session each month. Each session challenges participants to enhance their management and leadership skills through interactive exercises. The community becomes the classroom as classes are held in a variety of forums throughout the Metro North community.

Participants learn through various channels including presentations given by prominent speakers within the public and private sectors, in-depth dialog and debates and other interactive experiences. Leadership skills are emphasized in all learning activities.

## Testimonials

"Metro North Leadership served as a springboard for me as I pursued leadership roles in my company and community. The program has continued to grow and improve. Metro North Leadership is time and money well spent."

-Troy Whitmore, United Power

"The Metro North Chamber Leadership Program provided me an opportunity to expand my business horizons. It allowed me to network with other professionals in the area and it helped develop a strong community foundation for future growth. I highly recommend the program "

-Terry Melonakis, Melonakis Financial

"The Metro North Leadership program is a great experience. Even if you are currently a leader within the community, the class provides many new insights and perspectives and assures you're headed in the right direction."

-Skip Fischer, Adams County Commissioner

"Leadership class has given me the foundation to go into the roles I now hold. I learned the world is not black and white, but many shades of gray, and to be a leader in a world of grays you must have knowledge and networking partners to make the decisions necessary to be effective."

-Cindy Syme, Fern Gully Car Wash

## Metro North Leadership Application
